Attorneys for Plaintiff
 INTEL CORPORATION

UNITED STATES DISTRICT COURT
 NORTHERN DISTRICT OF CALIFORNIA
 SAN FRANCISCO DIVISION

INTEL CORPORATION, a Delaware corporation,)	Case No. CV 08 1904 EMC
Plaintiff,)	
vs.)	AMENDED COMPLAINT FOR DAMAGES
)	AND INJUNCTIVE RELIEF
ALEX PARK dba INTELCUBE SYSTEMS,)	
Defendant.)	DEMAND FOR JURY TRIAL

Plaintiff Intel Corporation ("Intel") alleges as follows:

1. This action arises from use of the name and mark "IntelCube" and domain name intelcube.com by Alex Park, doing business as IntelCube Systems ("IntelCube"), in connection with offering retail point of service (POS) software and a variety of computer, networking and Internet related services.

2. By using the identical and world famous trademark INTEL® in its name and mark with the generic term "Cube," IntelCube has caused and is likely to continue to cause confusion that Intel is the source or sponsor of IntelCube's products and services, or that there is an association between Intel

1 and IntelCube. In addition, IntelCube's acts are causing, and/or are likely to cause, dilution of the
2 INTEL[®] trademark. Consequently, Intel seeks injunctive relief and damages under the Lanham Act
3 (15 U.S.C. §§ 1051-1127 *et seq.*), federal false designation of origin law (15 U.S.C. § 1125(a)), the
4 Trademark Dilution Revision Act (15 U.S.C. § 1125(c)), California Business and Professions Code
5 Sections 14245, 14247, and 17200, and the common law doctrines of passing off and unfair
6 competition.

7 **I. JURISDICTION AND VENUE**

8 3. This Court has personal jurisdiction over IntelCube because it conducts business in the
9 State of California and, on information and belief, within this judicial district.

10 4. This Court has jurisdiction over this matter pursuant to 15 U.S.C. § 1121 and 28 U.S.C.
11 §§ 1331, 1332, 1338 and 1367. Intel's claims are, in part, based on violations of the Lanham Act, as
12 amended, 15 U.S.C. §§ 1051-1127. The Court has jurisdiction over the state law claims pursuant to 28
13 U.S.C. §§ 1332, 1338(b), and 1367.

14 5. Venue is proper in this district pursuant to 28 U.S.C. §1391(b). Plaintiff Intel is
15 headquartered in this district, and a substantial part of the events and injury giving rise to the claims set
16 forth herein occurred in this district. On information and belief, IntelCube sells its infringing products
17 and services, uses infringing names and marks, and impermissibly uses trademarks and trade names
18 owned by Intel via IntelCube's websites in or into this district.

19 **II. INTRADISTRICT ASSIGNMENT**

20 6. Pursuant to Civil L.R. 3-2(c), this action is to be assigned on a district-wide basis
21 because it is an intellectual property action.

22 **III. THE PARTIES**

23 7. Plaintiff Intel is a Delaware corporation having its principal place of business at 2200
24 Mission College Boulevard, Santa Clara, California. Intel is widely recognized as a world leader in
25 high-technology products and services. Intel's products and services are sold worldwide and
26 throughout the United States, including the Northern District of California.

27 8. Upon information and belief, Defendant Alex Park dba IntelCube has a residence and
28 principal place of business at 1016 Vaquero Drive, Oxnard, CA 93030. Via its website at

1 www.intelcube.com, IntelCube offers retail point of service (POS) software and a wide variety of
2 computer and networking services, including computer sales, repair and upgrades; wired and wireless
3 networking services; and website design and hosting. Upon information and belief, IntelCube has
4 salespeople and customers in California, and targets consumers within this state.

5 **III. INTEL'S BUSINESS AND MARKS**

6 9. Intel is a world-famous company that develops, manufactures and sells a wide variety of
7 computing, communications, and Internet-related products and services, including software and
8 networking products and services. Intel's customers include individual consumers, businesses,
9 schools, and the government.

10 10. For 40 years, Intel has used INTEL as a trade name, trademark and service mark to
11 identify virtually its entire line of products and services. INTEL is one of the most valuable and
12 respected names and trademarks in the world, and among the most famous names and trademarks in
13 the technology industry. Indeed, the Wall Street Journal has regularly recognized the INTEL mark as
14 one of America's most valuable brand names. Similarly, from 1996 to the present, Fortune Magazine
15 has annually celebrated Intel as one of the top ten "Most Admired Corporations in America" – an
16 honor Intel has shared alongside such companies as General Electric, Microsoft and Coca-Cola. In
17 2007, the INTEL brand was ranked seventh in the world in Interbrand's Best Global Brands survey,
18 with an estimated value of \$31 billion.

19 11. Intel's processors and other technology (including software) have a wide variety of
20 applications, including in retail point of service systems. Further, Intel offers computer and
21 networking consulting services to businesses through its Intel® Solutions Services division.

22 12. Intel uses INTEL as its "house mark" on or in connection with virtually every product
23 and service it sells. Intel also regularly uses its INTEL house mark in conjunction with hundreds of
24 other generic terms as the name of a particular product or service. Thus, consumers are accustomed to
25 seeing the INTEL mark combined with other generic names to identify products and services that
26 originate from Intel. In 2007 alone, Intel sold over \$38.3 billion of INTEL branded goods and services
27 and, in the last twelve years, Intel has sold over \$364 billion of products and services under the INTEL
28 name and mark.

6 and subsisting. A copy of this registration is attached hereto as Exhibit 25.

7 14. In addition to using INTEL as a trade name, a trademark, and a service mark, Intel also
8 owns a large family of marks that incorporate INTEL as a prominent component of the mark. For
9 example, in 1991, Intel developed and launched a cooperative advertising and licensing program
10 referred to as the "Intel Inside® Program." As part of this program, Intel adopted and began to use the
11 trademarks INTEL INSIDE and INTEL INSIDE & SWIRL Logo (collectively referred to as the
12 "INTEL INSIDE marks"). Additionally, it licensed the INTEL INSIDE Marks to PC manufacturers to
13 communicate to the end customer that its products, such as personal desktop computers, laptop
14 computers and workstations, were designed with genuine Intel microprocessors. Among Intel's many
15 thousands of OEM ("Original Equipment Manufacturers") licensees worldwide are giants of the
16 computer industry such as Dell, Gateway, Hewlett-Packard, IBM, and Sony. Intel's OEM licensees
17 have undoubtedly sold many billions of dollars worth of computer products bearing the INTEL
18 INSIDE marks (this ubiquitous mark was changed last year to the INTEL mark). The combined
19 advertising expenditure by Intel and Intel's licensees under the INTEL INSIDE marks has averaged
20 over one billion dollars for each of the last few years. Through extensive advertising and promotion by
21 Intel and its licensees, advertisements reflecting the INTEL and INTEL INSIDE marks have most
22 likely created billions of impressions.

23 15. Intel is the owner of numerous U.S. trademark registrations for the INTEL INSIDE
24 marks covering goods ranging from computer software and newsletters, to clothing and various sundry
25 items. Copies of these registrations are attached hereto as Exhibits 26.

26 16. Intel owns many other trademark registrations for its family of INTEL formative marks.
27 These include: INTEL STRATAFLASH, INTEL SPEEDSTEP, INTEL XEON, INTEL INSIDE
28 XEON, INTEL INSIDE CENTRINO, INTEL XSCALE, INTEL NETMERGE, INTEL NETBURST

1 and INTEL NETSTRUCTURE. Copies of these registrations or evidence thereof are attached hereto
2 as Exhibits 27 through 35.

3 17. Through its extensive use, Intel also owns common law trademark rights in the INTEL
4 name and mark, and its family of INTEL-formative trademarks and service marks, for all of the goods
5 and services and activities identified herein.

6 18. Intel maintains an Internet site on the World Wide Web at the address
7 <http://www.intel.com>. Intel has used its trade name and trademark as an Internet address in order to
8 make it easy for customers to locate Intel's web site, and to identify that the web site is owned by Intel.
9 Intel's web site features the INTEL marks and many other INTEL composite marks.

10 19. As a consequence of the extensive sales, advertising, promotion, and use of the INTEL
11 and INTEL composite marks, Intel has developed enormous recognition for its products and services
12 under the INTEL mark and has acquired and enjoys an immensely valuable reputation and tremendous
13 goodwill under the mark. The INTEL mark is world renowned, and is a "famous" mark for purposes
14 of 15 U.S.C. § 1125(c)(1).

15 **IV. INTELCUBE'S BUSINESS**

16 20. IntelCube offers retail point of service (POS) software and a wide variety of computer
17 and networking services, including computer sales, repair and upgrades; wired and wireless
18 networking services; and website design and hosting. IntelCube maintains a website at
19 www.intelcube.com.

20 21. The IntelCube mark wholly incorporates the world-famous INTEL trademark, with the
21 generic word "cube." The only distinctive portion of the IntelCube name and mark is "Intel," identical
22 in sight and sound to the world famous INTEL mark. In addition, Intel is informed and believes that
23 IntelCube markets its products and services through similar channels of trade and to similar customers
24 as Intel.

25 22. Despite Intel's numerous attempts to amicably resolve the dispute, IntelCube has
26 persisted in using the IntelCube trade name and trademark and has refused to voluntarily change its
27 mark, leaving Intel no choice but to file this Complaint.
28

**FIRST CAUSE OF ACTION
TRADEMARK INFRINGEMENT
(15 U.S.C. § 1114)**

23. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1 through 22 of this Complaint.

24. IntelCube either had actual notice and knowledge, or had constructive notice, of Intel's ownership and registrations of the INTEL mark pursuant to 15 U.S.C. § 1072 prior to IntelCube's adoption and use of the IntelCube trade name and trademark.

25. Upon information and belief, IntelCube was aware of Intel's business and its INTEL mark and registrations prior to the adoption and use of the IntelCube trade name and trademark.

26. Upon information and belief, IntelCube without Intel's consent, deliberately adopted the IntelCube trade name and trademark in connection with the sale of its goods and services in an attempt to trade on the enormous goodwill, reputation, and selling power established by Intel under the INTEL mark

27. IntelCube's unauthorized use of the IntelCube trade name and trademark falsely indicates to consumers that IntelCube's products and services are in some manner connected with, sponsored by, affiliated with, or related to Intel, Intel's licensees, and the products and services of Intel and Intel's licensees.

28. IntelCube's unauthorized use of the IntelCube trade name and trademark is also likely to cause consumers to be confused as to the source, nature and quality of the goods and services IntelCube is promoting or selling.

29. IntelCube's unauthorized use of the IntelCube trade name and trademark in connection with the sale of its goods and services allows, and will continue to allow, IntelCube to receive the benefit of the goodwill established at great labor and expense by Intel and to gain acceptance of IntelCube's goods and services, not based on the merits of those goods or services, but on Intel's reputation and goodwill.

30. IntelCube's unauthorized use of the IntelCube trade name and trademark in connection with the sale of its goods and services deprives Intel of the ability to control the consumer perception

1 of the quality of the goods and services marketed under the INTEL mark, and places Intel's valuable
2 reputation and goodwill in the hands of IntelCube, over which Intel has no control.

3 31. IntelCube has caused confusion and is likely to cause further confusion, or to cause
4 mistake, or to deceive consumers or potential consumers in violation of 15 U.S.C. § 1114.

5 32. Intel has been, is now, and will be irreparably injured and damaged by IntelCube's
6 trademark infringement, and unless enjoined by the Court, Intel will suffer further harm to its name,
7 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
8 law.

9
10 **SECOND CAUSE OF ACTION**
FALSE DESIGNATION OF ORIGIN
(15 U.S.C. § 1125(A))

11 33. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs
12 1 through 32 of this Complaint.

13 34. IntelCube's unauthorized use of the IntelCube trade name and trademark falsely
14 suggests that its goods and services are connected with, sponsored by, affiliated with, or related to
15 Intel, and constitutes a false designation of origin in violation of 15 U.S.C. § 1125(a).

16 35. Intel has been, is now, and will be irreparably injured and damaged by IntelCube's
17 aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,
18 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
19 law.

20 **THIRD CAUSE OF ACTION**
FEDERAL TRADEMARK DILUTION
(15 U.S.C. § 1125(C))

21
22 36. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
23 1 through 35 of this Complaint.

24 37. The INTEL mark is world-renowned. It is a famous mark that is widely recognized by
25 consumers, businesses and industry, and that identifies the products and services of Intel in the minds
26 of consumers.

27 38. IntelCube's unauthorized use of the IntelCube trade name and trademark began after
28 Intel's mark had become famous.

39. IntelCube's unauthorized use of the IntelCube trade name and trademark has, and will continue to have, an adverse effect upon the value and distinctive quality of the INTEL mark. IntelCube's acts blur and whittle away at the distinctiveness and identity-evoking quality of the INTEL mark. IntelCube's acts have diluted and are likely to continue diluting the famous INTEL mark in violation of 15 U.S.C. § 1125(c).

40. Intel has been, is now, and will be irreparably injured and damaged by IntelCube's aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name, reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at law.

**FOURTH CAUSE OF ACTION
INJURY TO BUSINESS REPUTATION AND
DILUTION UNDER CALIFORNIA LAW
(CAL. BUS. & PROF. CODE §14247)**

41. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 40 of this Complaint.

42. IntelCube's unauthorized use of the IntelCube trade name and trademark is likely to injure Intel's business reputation, and has diluted, and/or is likely to dilute, the distinctive quality of the INTEL mark and trade name in violation of the California Business and Professions Code § 14247.

43. IntelCube willfully intended to trade on Intel's image and reputation and to dilute the INTEL mark and trade name, acted with reason to know, or was willfully blind as to the consequences of its actions.

44. IntelCube's wrongful acts have caused and will continue to cause Intel irreparable harm. Intel has no adequate remedy at law for IntelCube's dilution.

45. Intel is therefore entitled to a judgment enjoining and restraining IntelCube from engaging in further acts of dilution pursuant to California Business and Professions Code § 14247.

**FIFTH CAUSE OF ACTION
INFRINGEMENT UNDER CALIFORNIA LAW
(CAL. BUS. & PROF. CODE § 14245)**

46. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1 through 45 of this Complaint.

1 47. IntelCube's unauthorized use of the IntelCube trade name and trademark in connection
2 with the sale, offering for sale, distribution or advertising of its goods and services is likely to cause
3 confusion or mistake or to deceive as to the source or origin of its goods and/or services in violation of
4 California Business and Professions Code § 14245.

5 48. Upon information and belief, IntelCube's infringement has been with knowledge of
6 Intel's rights.

7 49. Intel has been, is now, and will be irreparably injured and damaged by IntelCube's
8 aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,
9 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
10 law.

11 **SIXTH CAUSE OF ACTION**
12 **COMMON LAW PASSING OFF**
13 **AND UNFAIR COMPETITION**

14 50. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
15 1 through 49 of this Complaint.

16 51. IntelCube's unauthorized use of the IntelCube trade name and trademark constitutes
17 infringement and unfair competition of the INTEL mark in violation of the common law of California.

18 52. IntelCube's wrongful acts have caused and will continue to cause Intel irreparable
19 harm. Intel has no adequate remedy at law.

20 53. Intel is entitled to a judgment enjoining and restraining IntelCube from engaging in
21 further acts of infringement and unfair competition.

22 **SEVENTH CAUSE OF ACTION**
23 **UNFAIR COMPETITION**
24 **(CAL. BUS & PROF. CODE § 17200)**

25 54. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1
26 through 53 of this Complaint.

27 55. IntelCube's acts described above constitute unfair competition in violation of California
28 Business and Professional Code § 17200 et seq., as they are likely to deceive the public.

56. IntelCube's acts of unfair competition have caused and will continue to cause Intel
irreparable harm. Intel has no adequate remedy at law for IntelCube's unfair competition.

1 57. Intel is entitled to a judgment enjoining and restraining IntelCube from engaging in
2 further unfair competition.

3 **PRAYER FOR RELIEF**

4 WHEREFORE, Intel prays for relief as follows:

5 1. Entry of an order and judgment requiring that IntelCube and its officers, agents,
6 servants, employees, owners and representatives, and all other persons, firms or corporations in active
7 concert or participation with it, be enjoined and restrained from (a) using in any manner the INTEL
8 mark, or any name, mark or domain name that wholly incorporates the INTEL mark or is confusingly
9 similar to or a colorable imitation of this mark, including, without limitation, any trade name and
10 trademark incorporating the name "IntelCube"; (b) doing any act or thing calculated or likely to cause
11 confusion or mistake in the minds of members of the public, or prospective customers of Intel's
12 products or services, as to the source of the products or services offered for sale, distributed, or sold, or
13 likely to deceive members of the public, or prospective customers, into believing that there is some
14 connection between IntelCube and Intel; and (c) committing any acts which will tarnish, blur, or dilute,
15 or likely to tarnish, blur, or dilute the distinctive quality of the famous INTEL mark;

16 2. A judgment ordering IntelCube, pursuant to 15 U.S.C. § 1116(a), to file with this Court
17 and serve upon Intel within thirty (30) days after entry of the injunction, a report in writing under oath
18 setting forth in detail the manner and form in which IntelCube has complied with the injunction,
19 ceased all sales of goods and services under the IntelCube trade name and trademark as set forth
20 above;

21 3. A judgment ordering IntelCube, pursuant to 15 U.S.C. § 1118, to deliver up for
22 destruction, or to show proof of said destruction or sufficient modification to eliminate the infringing
23 matter, all articles, packages, wrappers, products, displays, labels, signs, vehicle displays or signs,
24 circulars, kits, packaging, letterhead, business cards, promotional items, clothing, literature, sales aids,
25 receptacles or other matter in the possession, custody, or under the control of IntelCube or its agents
26 bearing the trademark INTEL in any manner, or any mark that is confusingly similar to or a colorable
27 imitation of this mark, including without limitation the IntelCube trade name and trademark, both
28 alone and in combination with other words or terms;

1 4. A judgment ordering IntelCube to take all steps necessary to cancel or remove the name
2 "IntelCube, Inc." from the Secretary of State's records in California (and any other states in which
3 IntelCube is licensed to do business) and otherwise take all steps necessary to change IntelCube's
4 business name;

5 5. A judgment ordering IntelCube to take all steps necessary to cancel the domain name
6 intelcube.com and to remove all references to the IntelCube trade name and trademark from all of its
7 other websites;

8 6. A judgment in the amount of Intel's actual damages, IntelCube's profits, Intel's
9 reasonable attorneys' fees and costs of suit, and pre-judgment interest pursuant to 15 U.S.C. §1117 in
10 an amount not less than \$50,000.00 (fifty thousand dollars);

11 7. A judgment for enhanced damages under 15 U.S.C. §1117 and punitive damages under
